8th April, 1961

Dear Mons. Michel,

Thank you for your reply to my letter about l'Horloge de Sapience. It is extraordinarily good of you to co-operate with us in this way, and both I myself and the Society are most grateful to you.

I showed your letter and the coloured card at a meeting of the Council held a few days ago, and they showed great interest. The letter and card will be handed to the Publications Committee, and you will be receiving further correspondence from them. You may like to know that the Chairman of this Committee is Mr. Percy Dawson, and the joint editors of the Journal itself are Mr. Cecil Clutton and Mr. Lawrence Hurst.

I am returning your reprint to Dr. Calvert, and wonder if you could possibly spare a further three copies, one for myself and two for the Antiquarian Horological Society? I should of course be prepared to pay for these.

Yours sincerely,

F. A. B. Ward

21st April, 1961

Dear Mons. Michel,

I have again to thank you very warmly for your letter of April 11th with the enclosed paper on l'Horloge de Sapceise and photograph, and for the nine reprints which also reached me safely.

I am again forwarding your paper and the photograph to the Publications Committee of my Society, and note that, as you have re-written the paper, it will no longer be necessary to ask permission of PHYSIS to publish it in England.

I have read your new paper, like the original one, with the greatest interest,

and am quite sure it will arouse equal interest
and enthusiasm when it appears in English.
in print.

Yours sincerely,
F. A. B. Ward
